LEGEND

	New product		Higher loads
	New size		Race tire / Race tire PRO
	Mud + snow		Straight line stability
	OEM		Grip and control at extreme lean angles
	Gran Turismo		Fast and easy steering
	DOT		Lifetime / durability
	Not for highway service		Racetrack use
	Discontinued		Wet conditions
	Mousse		Puncture resistance
	Tube		Winter
	Front		Bidirectional rear tire
	Rear		Tire warmer
	Solo rider	TL*	On tube type rim fit a tube.

106 **DISCONTINUED** (AVAILABLE UNTIL THE STOCK RUNS OUT)

A motorcyclist wearing a black jacket and helmet is riding a red and black motorcycle on a winding asphalt road. The road is bordered by a metal guardrail and a steep, rocky mountain slope. The background shows more rugged mountain peaks under a clear sky. The motorcycle has 'KIM' written on the side.

Experience the journey, breathe in the freedom. Allow yourself to wander as sometimes the unexpected detours turn out to be the most captivating roads one can take.

SPORT TOURING

CUSTOM

TOURING FORCE

- Designed for all-round performance and safety on all types of paved roads.
- Multi compound technology (MCTT) for a longer service life and high silica content for optimal grip in both dry and wet road conditions.
- Recommended for Super Sports, Sports Naked, Sports Touring, Maxi Scooters and Dual-Purpose Adventure Touring motorcycles.

CUSTOM FORCE

- Designed to be safe and predictable, for every day cruising with a unique thread pattern.
- Special compound designed for longer service life and optimal grip in both dry and wet road conditions.
- Recommended for Classic Cruiser and Power Cruiser motorcycles.

SANDRA GOMEZ

ENDURO TRAIL - RALLY

- Combining the flagship XT+ tread design with an racing influenced rubber compound and flexible carcass. The ENDURO TRAIL RALLY will allow the most agresive ADV riders and racers to push their ADV motorcycle to the limit of it's performance capabilities.
- High performance compounds mated to a more flexible enduro style carcass. Three different front patterns options ensure maximum control on any terrain type.
- Recommended for Rally Adventure, Rally Racing and Dual-Sports motorcycles.

SAND TERRAIN

Motocross competition tire made from the hardest tread compound for soft and sandy terrain.

SOFT MEDIUM TERRAIN

Motocross competition tire made from a medium hard tread compound for soft to medium terrain.

INTERMEDIATE TERRAIN

Pitcross tire made from softer tread compound for intermediate terrain.

MEDIUM HARD TERRAIN

Motocross competition tire made from the softest tread compound for medium to hard terrain.

PRAKTIKA

Optimal choice for everyday recreational riding in all terrain conditions.

TERRA FORCE - MX SAND 2

SAND TERRAIN

- Sand and soft terrain specific motocross rear tire designed for closed course competition in deep sand, mud and loam.
- Motocross specific carcass and tread pattern designed for maximum forward drive and predictable braking manners.
- Suitable rear fitment for motocross and off-highway (NHS) use on racing and recreational motorcycles.

FLAT TRACK

- Optimized for small to mid-displacement flat track racing. Standard version is ideal for cushion tracks and short track racing with varied track conditions. DOT version also available for Street Tracker fitments.
- Available in soft compound for typical race use, super soft for shoulder season conditions or pavement events and street compound for DOT (on-highway) use.
- Recommended for Flat Track motorcycles.

A man and a woman are riding a white scooter in a wet city square. The man is in the driver's seat, wearing a helmet and glasses, and the woman is seated behind him, also wearing a helmet. They are both smiling. The scooter is white with black accents. The ground is wet and reflective, showing the buildings and the scooter. In the background, there are historic buildings with red roofs and a church tower. A fountain with multiple jets of water is visible on the left. The sky is clear and blue.

*Big cities, small towns, vast roads
or narrow streets - the scooter goes
everywhere and anywhere. Surrendering
into the incredible feel of wind in your
hair and the taste of freedom in the air.*

TOURING FORCE-SC 2

2025

- Upgraded from the Mitas TOURING FORCE-SC to tackle the challenges of urban commuting on all paved road types and in all weather conditions.
- Improved pattern design ensures a smooth ride, optimal grip, and extended durability.
- Designed for all types of sports and classic scooters.
