

TOURING FORCE-SC

Urban scooter tyre for a short city trip
or for longer journeys

TOURING FORCE-SC

High dimensional stable carcass technology and a specially developed tread compound, provide high riding comfort and excellent handling performance.

The tread pattern ends before the edge of the tyre shoulder and delivers great stability; precision on straights and bends and grip in all weather conditions.

3D virtual technology used during the development of tyre construction ensures correct water displacement and balanced tyre wear.

The unique tread compound using end-functionalized S-SBR elastomers together with high active reinforcing filler in combination with special resins, is a guarantee for high grip in wet and dry conditions.

Tyre sizes

Inch	Code	Tyre size	LI/SS	Type (TT/TL)	F/R
10	598262	3.50-10	51P	TL	F/R
10	598190	90/90-10	50J	TL	F/R
10	598192	100/80-10	53L	TL	F/R
10	598194	100/90-10 REINF.	61J	TL	F/R
