

MITAS MOTO NEWSLETTER

January - February 2020

New Mitas Moto catalogue

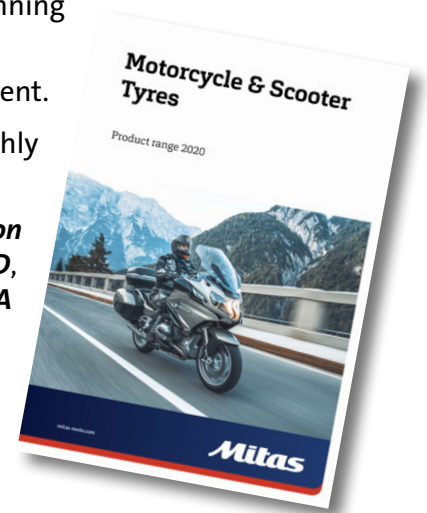

The English version of **2020 Mitas Moto catalogue** was introduced at the beginning of the year and it offers plenty of novelties.

We are adding all-new custom cruiser tyre **CUSTOM FORCE** to the on-road segment.

In the trail/adventure segment, we are reintroducing the full range of a highly popular **E-07**.

There are also numerous novelties in the off-road range. **Motocross competition tyres** feature a new stripe marking (two red stripes on **TERRA FORCE-MX SAND**, red & yellow stripe on **TERRA FORCE-MX SM** and red & green stripe on **TERRA FORCE-MX MH**).

We are also adding new patterns to the enduro (**TERRA FORCE-MX SM Super** and **Super Light**, **TERRA FORCE-MX MH Super** and **Super Light**) and extreme enduro ranges (**TERRA FORCE-MX MH Super Soft** and **C-16 Super Soft**).

The Baikal Project successfully completed

Mitas Moto was a proud partner for *The Baikal Project* held between 15th and 25th February 2020, at Lake Baikal in Siberia, Russia. A group of five adventure enthusiasts have been riding 830 km across the frozen Lake Baikal in Siberian winter. This was the longest ride on ice in 7 days and breaks Guinness World Record. All motorcycles were equipped with **studded Mitas XT-434 Winter Friction 80/100-21 front and Mitas XT-454 Winter Friction 110/100-18 rear tyres.**

BBC World will broadcast a 6-part documentary about the adventure.

As a special guests, they have also attended Baikal Mile Ice Speed Festival.
